

**SERIES DESCRIPTION**

**Dates of Creation:** 1941-1968

**Physical Description:** 1.64 m of textual records and other material; 1 map

**Administrative History:** Fyfe Lake Sawmill, also referred to as Fyfe Lake Fir, operated at Fyfe Lake, 32 km Southwest of Prince George near West Lake Provincial Park, during the 1950s. The lumber company was owned and operated by the Bachand Family, primarily Henri Bachand, and produced lumber for domestic sale. The sawmill closed sometime in the early 1960s and many families, who had developed a small community at Fyfe Lake, moved into Prince George and the surrounding area. The materials were donated to the Prince George Railway and Forestry Museum by D. Cameron. The materials were then donated to the Northern BC Archives and Special Collections in 2002 as part of the Prince George Railway and Forestry Museum archival collection.

**Scope and Content:** The Fyfe Lake Sawmill series consists of administrative, financial, and operational records created by Fyfe Lake Sawmills. The series includes labour, logging, sale, and order records. Also comprises correspondence between Fyfe Lake Fir and a number of individuals, organizations and companies. Records created by the Northern Interior Lumberman's Association, equipment manuals, and instructional publications that were collected and used by Fyfe Lake are also included.

**Notes:** - *Source of supplied title:* Title based on creator of records.  
- *Language note:* Some material in French.  
- *Terms governing reproduction and use:* Restricted material within the subseries. Contact Archivist.

**SUBSERIES DESCRIPTIONS****SUBSERIES 7.1 – 2002.1.7.1: General Finance**
